ESEA Title I

Bulletin No. 15

February 16, 1968

ESEA TITLE I ALLOCATIONS FOR 1967-68 . . .

Firm figures for county allocations have been provided by the U. S. Office of Education. The 1967-68 amounts are similar to 1966-67 allocations, although there are minor variations as a result of population changes and of the use of more recent data on low-income families.

ESEA TITLE I DEADLINE . . . APRIL 15

April 15 is the deadline for receipt in Helena of project applications for ESEA Title I for the 1967-68 year.

School district officials who wish to have their districts participate in ESEA Title I this year are urged to observe this deadline.

MINIMUM PROJECT APPLICATION . . . \$2,500

Federal Regulations require that the minimum amount of a project be \$2,500, except in very unusual situations. Since many district allocations are below \$2,500, two or more districts may submit a cooperative project to meet the minimum. In a cooperative project, one district is designated the administrative and fiscal agent for the project, or the "prime applicant." The prime applicant submits the application and is responsible for all aspects of the application.

APPLICATION PROCEDURE . . .

Districts which have not yet submitted an application, and plan to do so, are referred to Bulletin No. 8, August 12, 1966 for helpful information.

AMENDMENT PROCEDURE . . .

A district which has an approved 1967-68 project and now wishes to use any additional funds available should contact ESEA Title I Supervisor Harold W. Rehmer, Department of Public Instruction. Since most projects can be amended to include new activities, an additional project application may not be necessary.

NO REALLOCATION OF FUNDS FOR 1967-68 . . .

The U. S. Office of Education has informed the states that there will be no reallocation of ESEA Title I funds for 1967-68.
